

# CHAIRMAN'S MESSAGE

## COVID-19 UPDATE

Dear Members,

I hope you've enjoyed your time off so far during this holiday season. I have some good news for everyone; as you will have read there have been further relaxations of the Covid-19 restrictions by the Government, including the cancellation of the Vaccine Pass, a lift on restrictions for banquets and the re-opening of certain facilities.

1. With the cancellation of Vaccine Pass, Members and Guests will no longer be required to show QR code upon entering the Club or at any of its facilities.
2. All restrictions and requirements in relation to banquets are lifted. Please reach out to our Catering Team at 2830 9513 or [catering@hkfc.com](mailto:catering@hkfc.com) for bookings and enquiries.
3. The sauna and steam rooms will be reopened tomorrow, 30th December 2022. The jacuzzi will be reopened on 28th January 2023, after the scheduled annual maintenance of the Swimming Pool Complex.
4. The mask mandate remains unchanged. Members and Guests are still required to wear masks on the Club Premises.

This is great news to end the year with, and I would like to show our appreciation for your patience and understanding over the last few years of restrictions. Now is the time to enjoy our time at the Club to the fullest.

Finally, a reminder that tomorrow marks Mark Pawley's final day as General Manager as he steps down after 25 years with our immense thanks. I would like to take this opportunity to thank him for the wonderful service he has given to the Club and wish Randal Linhart all the very best for his time as our new General Manager.

On behalf of the General Committee, I would like to wish all Members and their families near and far all the very best for a Happy, Healthy and Prosperous New Year. I hope 2023 is a good one for us all.

Yours sincerely

Neil Jensen  
Chairman  
Hong Kong Football Club
