

NOTICE TO MEMBERS

COVID-19 Preventative Measures

Dear Member,

As many of you will no doubt be aware the Government have recently announced further preventative measure as regards the COVID-19 infection. These are noted below.

As from Thursday 10th December 2020 until Wednesday 23rd December 2020, all of the Club's F&B Outlets are to close at 6pm daily. In line with this it has been agreed that the Family Lounge Bar will remain closed throughout the closure period and the Sportsman's Bar will be closed during weekdays but open on Saturdays and Sundays from 11am to 6pm. All other F&B Outlets will open at their normal opening times (apart from the Coffee Shop which will open daily at 8:30am) but will announce the last call at 5pm and will close daily at 6pm sharp. The maximum number that can sit at a table will be kept to 2 persons and the seating capacity in each of the F&B Outlets will remain restricted to 50%. Please note that the Club will put in place a takeaway food service available daily from 2:30pm onwards until 8pm and the F&B Kiosk will remain open daily from 10am until 8pm. Details of the F&B Outlet operating hours and the Takeaway Service can be viewed by clicking [here](#).

Unfortunately, we are now also required to completely close all of our Sports and Recreational facilities, which includes the Fitness Centre. However, the Changing Rooms will remain open from 8am to 6pm and the Club Shop and Movie and Book Library will also remain open but with slightly adjusted operating hours; Monday to Sunday 10:30am to 6pm.

We will also re-open the Workspace Lounge for members which will run Monday to Friday during the week from 9am to 5:30pm in the Meeting Rooms - starting on Monday 14th December 2020.

Please note that the Club itself will close on a daily basis at 9pm.

We trust you will understand the need for these further preventative measures and we will update members as and when further information becomes available.

Please stay safe and healthy.

Michael J Wood
Chairman
Hong Kong Football Club
