Our Junior Soccer programme offers the opportunity for young players, boys and girls, Club Members and non-Members, to learn and play the great game of football. The programme is catered for players of all abilities aged 5 to 18. There is football for recreational and competitive players, an elite track for the most talented players and a programme for those with special needs. Our goal is FOOTBALL FOR ALL. The programme is one of the biggest and most popular of its kind in Hong Kong with over 1,200 players across all of our different sub-programmes, which include our JS Community Programme, Youth Pathway Development Programme, and Jockey Club Youth League (JCL) squads.

Our JS Community (or “Saturday”) programme focuses on players from 5 to 18 with the goal of providing training and matches for as many players as we can, and ensuring that players of all levels have fun and develop in line with their abilities and aspirations. We have over 900 players in this programme including over 200 girls. Coaching sessions are held on Saturday

mornings from 7:30am - 1pm, with midweek training options for players of different levels. Our Saturday teams regularly compete in local leagues and competitions (Hong Kong Junior Football League for U7-U14 and FAHKC Golden Generation League for U9 - U12) as well as touring to tournaments in the region. The season normally runs from September to May.

Our JCL squads are an extension of our Junior Soccer Saturday programme and were established to ensure that our Saturday players who do not play for our Youth Pathway programme (see below) have another avenue to play competitive football, especially when they become too old to participate in the Saturday leagues (which normally stops at U14). We have 8 squads in Under 13, Under 14, Under 16 and Under 18 which compete in the FAHKC HK Jockey Club Youth. Players are selected from the pool of players registered in our Saturday programme. There are around 230 players in JCL squads.

Our Youth Development Pathway (or "Academy") programme was established to attract and develop the most talented youth footballers in Hong Kong. The Youth Pathway bridges the gap between youth football and adult football. We have programmes for boys, Under 14, Under 16 and Under 18, and Under 15 Girls and Under 18 Girls Teams. These squads are selected by trial at the beginning of the season with players coming from our

own Saturday programme and elsewhere. The squads train on midweek afternoons and represent the HKFC in the FAHKC Youth Premier League (U14, U16, U18) and FAHKC Women's Youth League. Each squad has a qualified coach and squad manager, who work with the players to help them reach their full potential and develop them into senior level football, ideally representing HKFC. There are around 220 players in the Youth Pathway.

The HKFC Junior Netball Academy (JNA) has steadily grown and developed over the past few years and is one of the top junior programmes in Hong Kong. We currently provide dedicated quality coaching and competition opportunities for over 160 players. The JNA consists of a complete development pathway for both female and male players starting with our very youngest players at age 6, all the way through to youth teams (Under 17s). Several youth pathway graduates have been successfully selected onto the top HKFC senior teams, as well as players selected to represent the National Hong Kong, China Youth squads.

For the youngest players, basic catching and passing drills, with modified games help set them up with the basics to move on to competing in the Junior Netball League (JNL) from age 8.

As the players progress they are placed into teams where they can continue to refine their skills through training and competition. This year, the Junior programme also benefited from specialist coaching, hosting High Performance sessions with ex-Australian Diamonds and elite Australian coaches, as well as the Netball Development Academy (NDA) from Australia. The HKFC JNA program is a year-long activity, where the intake happens through trials at the end of August. The Golf Society (GS) was set up for those members who share a passion for golf, regardless of age or ability. The GS currently supports in the region of 650 members, including spouses and children, in a number of ways: on average, two tournaments are organised a month, both on weekdays and weekends, either in Hong Kong or across the border in China. Tours can be organised further afield, and have included destinations such as Thailand, Vietnam and even South Africa. Matches are also played roughly every month against other locally based golf clubs, as well as occasional touring teams. But perhaps the most attractive benefit of membership is the

## **FIRST TOUCH** 18 months - 4 years old

This programme is aimed towards our youngest members who should be accompanied by a parent or guardian. Fun ball games are introduced to encourage motor learning and basic ball drills. Each session aims towards developing movement, co-ordination and body mechanics. Most importantly at this level, we want our children to have fun while being introduced to the concept of the game we all know as football or Soccer.

## **SOCCER ADVENTURE** 4 - 12 years old

Soccer Adventure is an introduction to more challenging drills to help develop skills acquired in the earlier stages of our program. Skills including passing, control, dribbling & shooting will be further developed through regular practice. The foundations of roles and responsibilities within a team will be introduced and in the later stages, positional awareness will have them ready to take part in regular competitive fixtures when they move onto our Elite Football program.

## **ASA SQUAD** U8 - U16

The Elite Squads are teams that will represent ASA in Tournaments and matches against other clubs and academies. These teams are usually by invitation only, but we also hold open trials for children to attend if they feel they have been over looked by our coaches.

The Elite Squads train together during individualised sessions that are set up to work on and improve game play and tactics, which will prepare our players for match situations. Basic strength and conditioning will continue to be introduced to the children in an attempt to further develop and prepare them for the next level of football.

The strength, co-ordination, agility and flexibility obtained in our Gym for Joy programme has life lasting benefits and there is a great deal of carry over skill into other sports. All the basics are covered with an emphasis on floor routines, beam, trampette and vaulting. Our 10-metre Air Track is used to learn skills in a safe and stimulating environment – the more advanced gymnasts can safely learn moves such as flick flacks, hand springs, aerials and tumbling routines. Gymnastic Competitions and Parent Interactive Lessons are held annually so that gymnasts have the opportunity to demonstrate the routines and skills acquired during lessons.
