

# NOTICE TO MEMBERS

## *Further Precautionary Measures for Novel Coronavirus*

Members will note that Government is recommending that anyone who has recently visited Mainland China should consider remaining at home for a period of 14 days. Whilst the Club would not want to make this mandatory (within the Club) we trust that all Members will take a responsible view. Club Staff Members have also been strongly advised not to travel to Mainland China and, if they do so, they will be subject to a mandatory 14 days quarantine at home.

As regards an update on containment measures that have been put in place throughout the Club, it is further noted that whilst the wearing of a face mask is not mandatory for all Staff, it has been agreed that certain front line Staff are to wear masks at all times on duty. These include those Chefs (who are also wearing disposable gloves) who are responsible for the set up and replenishment of Buffets in the Outlets along with Staff in Stewarding, Security, Front Desk, Kiosk, Shop, Library and some Housekeeping Staff who are responsible for cleaning the Restrooms and Changing Rooms. We hope that along with the containment measures already in place that these revisions will help in the provision of a safe and healthy environment at the Club.

For information and, in order to ensure you are all regularly updated as regards the Novel Coronavirus you may visit the Centre for Health Protection website at [www.chp.gov.hk](http://www.chp.gov.hk)

Thank you for your continued co-operation and understanding.
