

NOTICE TO MEMBERS

Members Update re - COVID-19

Regretfully we have been notified by an existing member that he and his family came into the Club and ate at the Coffee Shop last Monday 16th March between 8.30pm - 9.30pm and has now been diagnosed with the COVID-19 virus.

We are unable at this time to clarify with certainty when the member contracted the virus. Due to the uncertainty we are making the decision to close the Club from this afternoon at 3pm until Thursday 26th March opening at 9am so we can thoroughly clean the Club, clarify the medical situation and assess if any staff or indeed members are at risk.

As I wrote on Saturday we are at a critical stage with this virus and I implore all members to act with great responsibility towards fellow Club members and our staff at this time.

Further updates will be sent as needed.
