Our Junior Soccer programme offers the opportunity for young players, boys and girls, Club Members and non-Members, to learn and play the great game of football. The programme is catered for players of all abilities aged 5 to 18. There is football for recreational and competitive players, an elite track for the most talented players and a programme for those with special needs. Our goal is FOOTBALL

FOR ALL. The programme is one of the biggest and most popular of its kind in Hong Kong with over 1,000 players across all of our different sub-programmes, which include our JS Community Programme, Youth Pathway Development Programme, and Jockey Club Youth League (JCL) squads.

Our JS Community (or "Saturday") programme focuses on players from 5 to 18 with the goal of providing training and matches for as many players as we can, and ensuring that players of all levels have fun and develop in line with their abilities and aspirations. We have over 900 players in this programme including

over 200 girls. Coaching sessions are held on Saturday mornings from 7:30am - 1pm, with midweek training options for players of different levels. Our Saturday teams regularly compete in local leagues and competitions (Hong Kong Junior Football League for U7-U14 and HKFC Golden Generation League for U10 and U12) as well as touring to tournaments in the region. The season normally runs from September to May.

Our JCL squads are an extension of our Junior Soccer Saturday programme and were established to ensure that our Saturday players who do not play for our Youth Pathway programme (see below) have another avenue to play competitive football, especially when they become too old to participate in the Saturday leagues (which normally stops at U14). We have 10 squads in Under 13, Under 14, Under 15, Under 16 and Under 18 which compete in the HKFA HK Jockey Club Youth. Players are selected from the pool of players registered in our Saturday programme. There are around 230 players in JCL squads.

FIRST TOUCH 18 months - 4 years old

This programme is aimed towards our youngest members who should be accompanied by a parent or guardian. Fun ball games are introduced to encourage motor learning and basic ball drills. Each session aims towards developing movement, co-ordination and body mechanics. Most importantly at this level, we want our children to have fun while being introduced to the concept of the game we all know as football or Soccer.

SOCCER ADVENTURE 4 - 12 years old

Soccer Adventure is an introduction to more challenging drills to help develop skills acquired in the earlier stages of our program. Skills including passing, control, dribbling & shooting will be further developed through regular practice. The foundations of roles and responsibilities within a team will be introduced and in the later stages, positional awareness will have them ready to take part in regular competitive fixtures when they move onto our Elite Football program.

ASA SQUAD U8 - U16

The Elite Squads are teams that will represent ASA in Tournaments and matches against other clubs and academies. These teams are usually by invitation only, but we also hold open trials for children to attend if they feel they have been over looked by our coaches.

The Elite Squads train together during individualised sessions that are set up to work on and improve game play and tactics, which will prepare our players for match situations. Basic strength and conditioning will continue to be introduced to the children in an attempt to further develop and prepare them for the next level of football.

The strength, co-ordination, agility and flexibility obtained in our Gym for Joy programme has life lasting benefits and there is a great deal of carry over skill into other sports. All the basics are covered with an emphasis on floor routines, beam. trampette and vaulting. Our 10-metre Air Track is used to learn skills in a safe and stimulating environment - the more advanced gymnasts can safely learn moves such as flick flacks, hand springs, aerials and tumbling routines. Gymnastic Competitions and Parent Interactive Lessons are held annually so that gymnasts have the opportunity to demonstrate the routines and skills acquired during lessons.
